

Paneled Wainscot Consumer Guide

<p>Use These Questions to Make an “Apples to Apples” Comparison of the Paneled Wainscoting You’re Considering for Your Custom Home Interior Project.</p>	 fanaticfinish (516) 922-8574	Router Carved Wainscoting	Wainscoting Kits	On-Site Fabricated Wainscoting
CONSTRUCTION:				
Is your wainscoting constructed using ¾” thick Tru-Pan MDF stiles & rails?	✓			
Is your wainscoting assembled using traditional tongue & groove joinery along with glue and pocket screws for added strength?	✓			
Are your raised panels a full ¾” thick and made of Tru-Pan MDF?	✓			
Are the flat and bead board panels a full ¼” thick?	✓			
Is your wainscoting assembled with true frame & panel construction (like a cabinet door)?	✓			
INSTALLATION:				
Is the wainscoting available in pre-assembled sections and in lengths of up to 16ft for dramatically reduced installation times?	✓			
Are the panel sections prepped with a tongue and groove joint where they will need to be joined together on site?	✓			
DESIGN OPTIONS:				
Do you offer 4 different panel and 4 different sticking profiles options all at no additional cost?	✓			
Do you offer your wainscot panels in any height including full wall paneling?	✓			
Do you offer a true bead-board panel option?	✓			
Do you offer a custom vented panel option for A/C vents?	✓			
Do you offer pre-priming of your wainscoting?	✓			
WARRANTY				
Do you offer a <u>written</u> Lifetime Warranty on your wainscoting?	✓
